Continuation of 4(e) Other: Applicants amendment of the claims is unclear as it is not made as per rules stated in 37 CFR 1.121. Applicants attention is drawn to claims 73 and 79, for which it appears that it may be applicants intent to amend, however the text of the amended claim is not clear. Applicants are specifically directed to the phrase "for use comprising, cells in..." It appears that applicants may be adding and/or deleting commas in this text however this is unclear by applicants chosen means of indicating this. Applicants are reminded that "The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived." This would appear to be the situation in applicants proposed amendment .
